Professional Summary

I am a highly motivated and results-driven Senior Frontend Developer with over 2 years of experience in HTML, CSS, JavaScript, jQuery, and Bootstrap 5. Currently working at EvonicSoft, I have excelled as a Team Lead, mentoring junior developers and leading projects to successful completion. Throughout my time at EvonicSoft, I have developed and deployed multiple high-quality websites, ensuring clean, readable, and approved-standard code aligned with ThemeForest's guidelines. I have also contributed to creating multi-language websites, implementing functionality to seamlessly translate content into Arabic, French, and other languages. With a proven track record of strategic planning and creative problem-solving, I thrive in collaborative environments, building strong relationships with colleagues and delivering exceptional results under tight deadlines. I am flexible, reliable, and highly skilled at time management, making me a valuable asset to any team.

Experience

Frontend Development

- I am currently Working as a frontend developer at EvonicSoft Company Lahore.
- Developed responsive, mobile-friendly interfaces using HTML, CSS, and Bootstrap, enhancing cross-device user experience.
- Ensured clean, modular code practices for easy maintenance and scalability, allowing future developers to work efficiently on existing projects.
